Superintendent,

Sub: Submission of report as per 9-26-3-5

As stated in IC 9-26-3-5, the Publication of statistical information regarding the tabulation of accident reports for the year 2005 is submitted as follows:

Total Fatalities:	2000	2001	2002	2003	2004	2005
	886	909	792	833	947	938
				5 year total =	4367	
				5 year average.=	873.4	
				938 divided by 873.4 - 1 x100=		7.39%

- (1) Total number of accidents **208,318**
- (2) Total fatalities from traffic accidents **938**
- (3) Total of accidents & fatalities involving person under 19 **32,985**
- (4) A Total number of accidents & fatalities involving **880**
a person under 19 on a highway that is part of the
national system of interstate and defense highways;

*(4) B,
*(4) C.

*At this time it is not possible to determine the number of lanes on the roadway in which the accident occurred, we can tell the type of roadway but not the number of lanes. However we are working to include this statistical information in the new computer program.

Respectfully submitted,

Sherry L. Beck
